3. Attached files

Samadrita_Roy_Greenroom_Memo.pdf (main deliverable)

2-page PRD covering the slice, design choices, trade-offs, what I cut, validation plan, and what I would ship next.

Samadrita_Roy_Cursor_Session.pdf (bonus artifact)

Full Cursor session transcript from the build. Included as evidence of how I aligned on the slice, the cuts, and the schema decisions before writing any code. Not a substitute for the memo.
